employment

Creative Digital Designer - Accord Group 2006-2014

Online and offline design for this leading Travel and Recruitment advertising agency.

Electronic Media Supervisor - Newquest Ltd 2000-2006

Artworking and production for 14 weekly newspaper editions. Responsible for overseeing the quality control and compatibility of supplied client artwork.

Freelance Studio Engineer - 1984-2000

Arranging, recording and production of various music styles and genres for music publicists such as Warner Bros.

Willo-B is my brand name for all things freelance under which I have worked on the following things...

High Elms Manor website

The brief was to create a new brand for the Wedding Venue business which included logo, stationery and website to bring it up-to-date and inline with current web standards.

www.highelmsmanor.com

High Elms Manor School website

The school website needed a major facelift but on a limited budget so the main aim with this was to keep it simple, clean and functional.

www.highelmsmanorschool.com

Starseedz (band) website

The main aim is to make the music, video and live dates easily accessible and offer a selection of images without bloating the overall content.

www.starseedz.com

UFO Academy

Again with this one the budget was limited. The site started out as a hub for all things paranormal but is now mainly used to promote events and interesting news items.

www.ufoacademy.com

Carnival Tours 365 website

This is an ongoing project which is soon to go live. It's a static site without any booking or interactive elements. Essentially a shop window for carnival tours.

willo-b.com/carnival-tours/index.html

Babcock International - flash

The project was to create a set of online banners for different sections of the business.
